Summary: Sakura and Ino knew the truth about them: from rivals to lovers.

A/N: Part of an old thing on Tumblr called the Drabble Kingdom. Trying to get that back up, admittedly, but it'sâ€¦ a slow going process. *sighs* Apologies for any who's actually heard of this blog.

To anyone and most everyone, Sasuke and Naruto were nothing but

rivals, nothing but common _enemies_. They all thought this because of how much the two fought and argued, and how often the two were seen at each other's throats.

But to Sakura and Ino, wellâ€¦ what other's call rivalry, they call an act.

The first time that Sakura found out that the two were actually lovers, she had been walking down to the lake for some nice quiet alone time under the stars. She had been surprised and beyond shocked when she found Naruto and Sasuke there instead. They weren't fighting; they were just sitting there, _kissing_ each other. Naruto had been sitting in Sasuke's lap and the two had not a care in the world for anything around them.

When she recovered from the shock, Sakura didn't hesitate to show Ino what she had seen.

Now, the two girls knew exactly what went on behind closed doors. And though Sasuke and Naruto fought all the time in public, Ino and Sakura both knew it was just an act to cover up what was really going on.
